Experience

Developer Community & Events Lead, Aspect Build

Mar. 2026 - Present

- Write developer-facing blogs and case studies; manage website content and SEO.
- Plan and publish content across email, blogs, X, LinkedIn, Reddit, Slack communities, and forums.
- Work with engineers, founders, and project leaders on content and campaigns.
- Run paid ads and social media campaigns; manage marketing integrations.
- Work with sponsors and community committees to plan developer events; handle conference booths, registration, travel, and vendors.

Developer Outreach & Engagement Manager, EngFlow

Feb. 2024 - Nov. 2025

- Created and distributed content through email, blogs, X, LinkedIn, YouTube, Reddit, Discord, and Slack communities.
- Represented EngFlow at industry events, met developers and potential customers, and collected leads.
- Worked with Meta, Google, LinkedIn, JetBrains, and Booking.com to host and sponsor events on a small budget.
- Planned developer events around the world for more than 150 attendees.
- Set up HubSpot automations, reports, and account scoring to help manage and follow up with leads.

Content Marketing Manager, Passbolt

Dec. 2022 - Dec. 2023

- Scripted, recorded, and edited product videos; wrote articles and blog posts for Passbolt's open-source communities.
- Wrote and reviewed website content and product documentation to make it clearer and easier to find; published across email, blogs, X, LinkedIn, Instagram, Mastodon, YouTube, Reddit, and forums.
- Organized and hosted events for open-source communities.
- Ran Passbolt's conference booths and talked with attendees about the product.

Senior Developer, Clear Partnering Group

Mar. 2020 - Dec. 2022

- Designed and built 15+ responsive, accessible websites each year and maintained more than 50 websites.
- Wrote technical documentation for client onboarding and support.
- Helped identify and develop healthcare applications to support patient care.
- Used keyword research and SEO to optimize healthcare organizations' websites.
